ALBA WASTE DISPOSALS

Mobile garbage team –
order made easy.

Tired of packaging lying around or the annoying walk to the trash can at the other end of the workshop? Our flexibly usable Waste disposals put an end to dirty and are used wherever there is something to be disposed of on a regular basis: With a capacity of 110 or 60 liters, any amount of rubbish fits into the high-quality steel mobile rubbish bag holder, which is available with wheels or as Stand variants are available.

Extremely hard-wearing and equipped with a clever click fastening and practical recessed grip, they can be found anywhere where carelessly discarded rubbish should be a thing of the past. And our Waste disposals are also a loyal helper when it comes to green maintenance – with their smooth-running wheels with a strong tread pattern, they follow their user wherever their use is required.

Your advantages:

Stability:

Stable all-steel construction environmentally friendly electroplating Chrome 6 free, extremely stable and durable.

Recessed grip:

Hinged lid with practical recessed grip for easy and quick opening.

Tightly closing:

Tight-fitting lid attaches with a simple click.

Fixation:

Includes bracket for wall mounting.

Protection:

With practical floor protection -protecting the material.
